WELCOME:

Thank you for choosing BACKtoGOLF Performance & Fitness for your physical therapy care. We will personally do everything possible to deserve your trust. We see this as the beginning of a great relationship!

The vast majority of patients we see can be treated easily right here in our office. But we realize that when you or someone you love is injured, you are very concerned. To help alleviate your concern, we promise to take or return your telephone calls promptly. And because we know it's frustrating to sit in a waiting room, our staff will do their best to get you in promptly for your scheduled appointment.

We also promise to treat you like an important individual, not a name or a number. We will take the time to listen to your concerns and find out about your symptoms. As soon as we have completed a comprehensive examination, we will begin treatment that should get you feeling better.

As your physical therapist, I realize that it's my responsibility to keep up with the latest developments in physical therapy. That's why I take continuing education classes and am active in a number of professional organizations.

But even more important than all my training and experience is our wonderful staff. From the person who answers the phone, to the physical therapists who provide the treatment, I am exceptionally proud of our team. Not only are they skilled professionals, but they are warm, caring people who will go all out to make you feel comfortable.

So why do we do these things? The answer is simple. We want to build a lasting relationship with you. It is our goal that when you come to see us you'll feel really good about every aspect of your experience and happy that you chose BACKtoGOLF Performance & Fitness for your physical therapy care.

Sincerely,

Mark L. Archambault, PT, PhD, CSCS

P.S. Again, we are very honored that you chose BACKtoGOLF Performance & Fitness for your physical therapy care. If there's ever anything we can do for you, please don't hesitate to call us.
